

## Quick Release System® Stainless steel Anti-Kick Bar

**QRS® - Quick Release System**  
Can be simply and quickly opened and adjusted under pressure.  
Adjustable from 54 till 75 cm.

**By using certified and European stainless steel, non-corroding!**

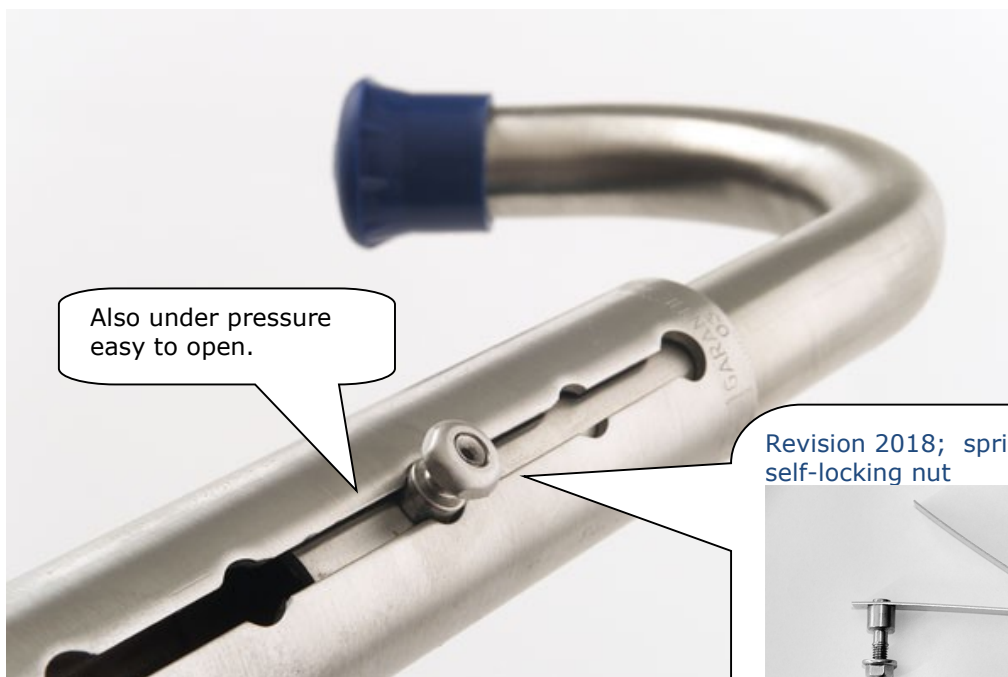

**Tilted position of the spring -45°- prevents the kick bar from opening by itself.**

**Long side (red cap) and short side (blue cap) make for an ergonomic positioning. Red cap up.**

**Stays joined together, does not fall apart.**

**Genuine Dutch high-quality product.**

**Two years guarantee.**

Also under pressure easy to open.

Revision 2018; spring with self-locking nut
